Fax: 860-496-1449

The Torrington Fire Department was dispatched at 2051 hours (08:51pm) for a reported fire in an occupied single family structure at 74 Jardon Street. Engine 4, Truck 1, District 1 and Engine 2 responded. The first Torrington Fire Department Unit (Dist 1) arrived on scene at 2055 hours (08:55 pm) and reported smoke showing from a second floor window of a 1 ½ story wood frame single family residence. All occupants were out of the building on arrival. The TFD initiated an aggressive interior fire attack. A second alarm was requested due to the potential for fire extension in the structure and the elevated temperatures, bringing off duty firefighters for manpower and coverage of the City. Additionally, Harwinton Westside Fire Department responded to assist with firefighter rehab. The Drakeville Volunteer Fire Department and Tarringford Volunteer Fire Department responded to another call for service on Red Mountain Road while all TFD units were committed to the incident on Jardon. The Red Mountain incident was an electrical problem and units cleared. TFD quickly knocked down the fire and contained the fire to the area of origin. No reported injuries were reported. The Fire Marshal's Office is conducting an origin and cause investigation. No point of origin or cause has been determined at this time.
