140 Main Street • City Hall  
Torrington, CT 06790-5245

## PRESS RELEASE

### RECONSTRUCTION of VARIOUS ROADS - PHASE 2019.1

The City of Torrington will be performing road reconstruction work on the following roads from mid-June to October 2019.

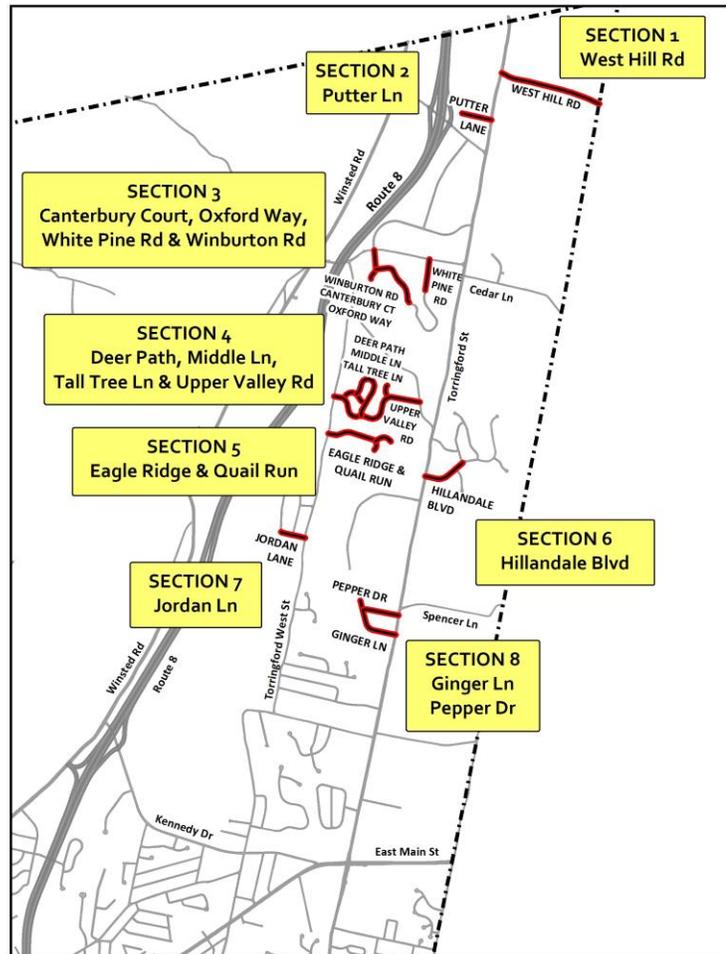

The proposed improvements will include road reclamation, new storm drainage, curb and asphalt pavement.

The public is to expect daily traffic delays due to one-way alternating traffic and daily road closures allowing local traffic only. Pass through traffic is advised to avoid these roads and use alternate routes.

Construction will start with Section 1 and continue in sequence through Section 8.

Please do not park any vehicles on these roads during construction. Vehicles in the way of construction will be towed at the owner's expense.

For more information, contact the City of Torrington Engineering Department at 860-489-2234 or visit the Engineering Department website link for [Construction Projects 2019](#).
