

Torrington Public Schools

SUSAN B. FERGUSSON
ASSISTANT SUPERINTENDENT

SUSAN M. LUBOMSKI
SUPERINTENDENT

December 20, 2019

Dear Mayor Carbone:

Attached is the Fire Alarm Panel Proposal for Tarringford and Vogel-Wetmore Schools, which as we discussed, would be funded from the Capital Reserve balance. There is \$61,876.40 remaining in this account. The cost of the panels is \$48,253. Please notify me when the Board of Finance has voted on this Proposal.

Thank you for your help in this matter.

Sincerely,

Susan M. Lubomski
Superintendent, Torrington Public Schools

Fire Alarm Panels at Vogel-Wetmore and Tarringford Schools

Vogel-Wetmore School – The Edwards IRC3 fire alarm panel is obsolete. Replacement parts are no longer available. This panel is 30 years plus old, and on its last legs. There have been many problems with panel going into trouble. Edwards set end of life over 15 years ago on this panel.

Tarringford School – The Edwards EST2 fire alarm panel is obsolete. The manufacture has set an end of life, which has caused obtaining replacement parts nearly impossible. The current panel is over 20 years old.

Both Panels will be replaced with Edwards EST4. This is the newest panel on the market from Edwards. The EST4 was released by Edwards in 2019, so we will get the most years possible from this purchase.
