BUSINESS BY DEPARTMENT HEADS

On a motion by Commissioner Benedetto, seconded by Commissioner McElroy, the Board voted unanimously to consider business by Department Heads.

Chief Towey discussed the impact of COVID-19 on Fire Department personnel and he expressed the need to upgrade the TFD's radio system.

Chief Baldwin reported that he interviewed 15 new applicants and five conditional job offers were awarded. The Chief announced that a 12-game P.A.L. basketball season was scheduled and he updated the Board on Election Day activity, the National Drug Take Back Day and Trunk or Treat event which the TPD participated in. Chief Baldwin also commended members of the Detective Division for successful investigations leading to arrests, including Det. Fador and Det. Dablain. Commissioner Bingham encouraged increased outreach and communication to promote future Drug Takeback events and asked if any of the deliveries could be tied to ongoing investigations. The Chief explained that the drop-offs were completely anonymous. Commissioner Cogswell requested information regarding the security of cell phone towers. Chief Baldwin reported that the buildings were secure and some were equipped with alarm systems. Chief Towey also discussed some of the issues with irregular cell phone service. Lastly, Chief Baldwin reported that two officers were graduating from the Police Academy on Friday, November 6, 2020.

Trinity Health EMS Manager Jeff Ganung announced that Trinity purchased eight new ambulances. Upon the request of Commissioner Benedetto, Mr. Ganung described some of the technology upgrades in the new vehicles. Commissioner Bingham asked where the new ambulances would be dispatched and Mr. Ganung described how they would likely be split between Torrington, Waterbury and Cheshire. Commissioner Bingham also questioned what would happen to the decommissioned ambulances and Mr. Ganung reported that some in the past were donated to developing countries.

BUSINESS BY THE MAYOR AND MEMBERS OF THE BOARD OF PUBLIC SAFETY

On a motion by Commissioner Benedetto, seconded by Commissioner Cogswell, the Board voted unanimously to consider business by the Mayor and members of the Board of Public Safety.

Commissioner McLeod and Commissioner Bingham commended the public for their conduct at the polls and thanked the police for their support on Election Day.

Commissioner Benedetto congratulated Representatives Cook, Horn and Case on their reelections and expressed his concerns about filling police vacancies and retaining officers. Chief Baldwin reported that the TPD would be re-testing for promotions within the Department and he discussed the statewide issue of retaining police officers. The Chief explained that the TPD's salaries were comparable to other police departments and officers had ample opportunities to increase their salaries through overtime. He also stated that the work environment at the TPD was positive. Commissioner Benedetto questioned the impact of eliminating police pensions and Chief Baldwin explained that many other police departments in CT transitioned away from pensions plans as well. Commissioner McLeod expressed frustration regarding police overtime and the need for officers to cover so many extra shifts.

Commissioner Cogswell thanked the police for their presence at the polling locations on Election Day and asked Chief Baldwin about the availability of certified officers to fill police vacancies. The Chief explained that many officers seek less active departments as they progress in their careers.

Mayor Carbone invited Cultural Affairs Committee members Angaza Mwando and Tamara Williams to present their request to paint a Black Lives Matter mural on the municipal parking lot adjacent to City Hall Avenue. Mr. Mwando and Ms. Williams described where they wanted the mural to be painted and explained why they felt it was important for the Torrington community. Commissioner Bingham expressed concerns about safety when the painted surface gets wet and questioned the process by which the Cultural Affairs Committee chooses which projects to move forward. He also asked the Mayor whether the City had a formal policy pertaining to public art and Mayor Carbone reported that no policy was adopted yet. In addition, Commissioner Bingham asked the Cultural Affairs Committee representatives if they approached any private business owners with their request and Mr. Mwando stated that he received encouraging feedback for another art project from real estate developer Vincent Cappelletti.

In closing, Mayor Carbone discussed the recent resurgence of COVID-19 and the Governor's step back to Phase 2.1 reopening. She recommended that future meetings be conducted remotely using Zoom, with only Board members permitted to attend in-person at City Hall. Commissioner Benedetto requested clarification regarding enforcement of the Governor's limits on public gatherings and the Mayor described the team approach that the City has taken in conjunction with the TPD and the Torrington Area Health District.

Subject: Torrington Fire Department Communications Upgrades

CC: Pennie Zucco, Purchasing Agent

The current radio system utilized by the Torrington Fire Department has several issues that require improvements. I am recommending the Torrington Fire Department start an implementation process for a Fireground Mobile Repeater system. The total project cost of \$45,650.29 will be funded from Fire Department Capital Reserve previously set aside for improvements to the radio system. I am recommending that the City purchase the required Motorola equipment for \$43,681.79 (Quote Attached) off the existing State of Connecticut Master Contract (A-99-001) which includes additional incentive discounts that we are able to leverage. The installation and programming would be completed by the Motorola vendor, NorcomCT, off an existing State of Connecticut Contract (19PSX0088) for the amount of \$2,000 (Quote Attached). The purchase, installation, and programming of the referenced equipment will allow three apparatus to be outfitted with this important communications capability. This will be the initial phase of a long-term radio transition plan.

Background

Early on in my tenure, gaps within the current Fire Department communications system were identified. These gaps included coverage concerns and inability to monitor a simplex fireground frequency. The transition to the State of Connecticut Telecommunications System and implementation of a Fireground Mobile Repeater system was identified as the best solution. Use of this system will require the acquisition of mobile and portable radio equipment compatible with the State of Connecticut Telecommunications System. The City of Torrington currently has an executed MOU which provides access to this system at this time. The Torrington Fire Department submitted Assistance for Firefighters Grant applications for 2018 and 2019 to complete the entire transition. These grant applications were not successful. The Torrington Fire Department will continue to seek alternative funding sources as we implement this phased approach.

Project Overview

This initial phase will prioritize implementation of the Fireground Mobile Repeater system. Currently, all fireground communications occur on a simplex VHF frequency that only travels radio to radio and has a limited range. This prevents monitoring of this communication unless directly on the scene. This proposed project will include the installation of three mobile cross-band repeaters and one dual band portable radio. This equipment will patch the VHF fireground communications and transmit it on a 800 talkgroup on the Connecticut Telecommunications System. This will provide two-way communications beyond the direct fireground.

Equipment

Comprehensive research identified the Motorola Futurecomm DVRS and VRX cross-band mobile repeaters as the only viable solution for this project. This equipment is the only equipment that is channel steerable and has the potential to pass radio ID information through the repeater (requires Motorola portables radios at this time). In addition, the DVRS is the only equipment currently capable of transmitting on both the 800 and VHF systems. Use of the Futurecomm repeaters requires pairing with Motorola mobile radios. The following is the listing of the equipment for this project:

Dist 1

- 1 Futurecomm DVRS
- 1 Motorola 4500 mobile radio

Engine 2 and Engine 4

- 2 Futurecomm VRX
- 2 Motorola 8500 mobile radio

Additional

- 1 Motorola APX8000XE
- Installation
- Programing

Conclusion

The total cost for this initial investment is \$43,650.29 which would be funded from Capitol Reserve. I am recommending that the City complete this project utilizing the State of Connecticut Master Contract with Motorola and take advantage of the additional incentive discounts. I am continuing to seek alternative funding for the larger radio system transition. Completion of this project will greatly improve firefighter safety, while providing additional time to identify alternative funding sources for the larger project.

RE: Purchase of Ammunition from State Contract #19PSX220

The Torrington Police Department has requested to waive the City bid process and purchase their ammunition off State Contract #19PSX0220, Ammunition, from Eagle Point Gun, Thorofare, NJ. The ammunition will be used for department recertification at West Hartford, the Special Response Team monthly training, new recruits at the Police Academy and other department training for fiscal year 20/21.

It is my recommendation to waive the City bid process and purchase the ammunition from State Contract #19PSX0220 through Eagle Point Gun in Thorofare, NJ. The estimated budgeted amount for these purchases is \$24,500.00 for the Police teams.

Thank you for your consideration on this matter.

Re: State Bid Acceptance

The Torrington Police Department is requesting to waive the City bid process and accept the State Bid for ammunition for the fiscal year 20/21'. The ammunition will be used for the department recertification at West Hartford, the Special Response Team monthly training, new recruits at POSTC Police Academy, Annual Blue Line Trailer low light qualification, and other department training.

The letter attached from Eagle Point Gun states they have the State of Connecticut contract for Ammunition (Contract # 19PX0200) for fiscal year 20/21' effective January 1, 2020 through December 31, 2024.

A single purchase will meet the needs of the department for the 2020-2021 budget year. This will help reduce paperwork and processing for the Finance Department. A bulk order also reduces shipping costs and allows all ammunition to be drop shipped directly from the factory.

Respectfully,

Lt. Thomas Rouleau #305

Dear Sir or Madame:

If you buy ammunition for your Department, whether you are the Chief, Sheriff, Prosecutor, District Attorney, Warden, Firearms Instructor, or any other billet, and are looking for a reliable source and excellent prices, you need to read this. My name is Thomas J. Morris III and I own Eagle Point Gun and that is my original signature at the bottom of this letter. We have been awarded the new Connecticut State Contract, #19PSX0220 for Federal Cartridge (including Force On Force), Remington Arms, CCI/Speer, and PMC ammunition effective 01JAN20. We have been the Connecticut Contractor since they went to a State Contract system. If you are not already buying from us, look over the attached price lists and compare with what you are currently paying.

We have been in business at the same location since 1930 (approximately 90 years) and are located approximately three miles from downtown Philadelphia as the crow flies on the New Jersey side of the Delaware River. We have the current New Jersey State Contract for Federal ammunition, Remington ammunition and firearms, Speedwell paper targets, PMC ammunition, PolyFrang ammunition, Benelli firearms, Heckler & Koch firearms, MACE, EOTech, Walther firearms and other items. We have the current New York State Contract for Federal ammunition, Remington ammunition and firearms, Heckler & Koch firearms, Walther firearms and other items, the New Hampshire State Contract for Federal and CCI/Speer ammunition, the Maine State Agreement (Contract) for Federal and CCI/Speer ammunition, the NYPD Contract for Federal rifle ammunition, and a lot of other Contracts. We sell Speedwell paper, metal, and cardboard targets, Federal Cartridge ammunition, CCI/Speer ammunition, PMC ammunition, Hornady ammunition, Wolf ammunition, Remington ammunition and firearms and firearms accessories, Benelli firearms, Springfield Armory firearms and accessories, Walther firearms, Heckler & Koch firearms and accessories, DPMS firearms, Bushmaster firearms, Gransfors Bruks axes, Eagle Industries nylon gun cases, MACE, EOTech gun sights, Aimpoint gun sights, Surefire lights, Peerless cuffs and irons, Hoppes, Break Free, Ventco Industries/Shooters Choice, Seal One, Pro-Shot, Birchwood Casey, Outers, Southern Bloomer gun cleaning supplies, ALS/PACEM less lethal munitions, solid brass and brass/plastic dummy training rds., 38 spl./,223/.308/12ga./9mm/.22 blanks for canine/equestrian training and burial details, and other items. We also take weapons (new or used, pristine or beat up, civilian or military, rifles, shotguns, pistols, revolvers, gas guns, flare guns, BATF Form 5 unrestricted automatic weapons, swords, bayonets, etc.) in trade for credit against everything that we sell. We have a Class III license for NFA automatic weapons. I collect and am always looking for Thompson sub-machine guns.

All our Federal, CCI/Speer, Remington, and PMC ammunition prices include the freight, tailgate delivery, for a drop ship from the respective Manufacturer to your Department location in Connecticut. Drop ship times are currently running 21-120 days ARO and vary per item. PMC ships faster.

Enclosed with this letter is my current Connecticut State Contract price list with representative prices for Federal Cartridge, CCI/Speer, PMC, and Remington ammunition which we are offering to all Federal Excise Tax exempt agencies in the State of Connecticut. Federal agencies, private security agencies, and private college security/police who are not exempt from the Federal Excise Tax would have to add the FET back in to the prices (FET-OUT price X 1.11). Again, the prices include the

freight, tailgate delivery, for a factory drop ship from the Manufacturer to your Connecticut Department location. Also enclosed are representative prices for Speedwell Paper Targets.

We also have very competitive prices for Remington, Benelli, Walther, Heckler and Koch, Springfield Armory, and other firearms. Please get a quote from us if buying new weapons. We take all lawful weapons (rifles, shotguns, pistols, revolvers, gas guns, flare guns, BATF Form 5 transferable sub-machine guns and machine guns, swords, bayonets, etc., new or used, pristine or beat up, military or civilian) in trade for credit against everything that we sell. That includes weapons you bought, confiscated weapons, and donated weapons (what I normally call dead guy stuff from family members that have no interest). Please get a used weapon quote from us before you turn something into a manhole cover in Hartford that you could have converted into new equipment for the Department.

We are open five days a week, Monday through Friday, from 0730 to 1600. We accept orders either mailed via US Mail OR via Emails OR via Fax OR we will take orders orally over the telephone. Our telephone and fax numbers and email address and mailing address are all listed at the top of this letter. There is no minimum or maximum order BUT ammunition must be ordered in full case lots and we have quoted by the case. Just use the Unit prices provided to determine your totals. We accept payment via voucher and check OR by EFT/ACH and can provide Bank information/Route number/Account number on request. Invoices are NET 30 days after receipt of product or invoice, whichever is later.

Everyone (except non-tax exempt Federal agencies/private security) is required to sign a Federal Excise Tax Exemption Certificate for the purchase of ammunition and firearms (one for each brand) which we provide at the time the order is placed which says it is for the agency and not being purchased for the purposes of resale. They must be mailed with original signatures, preferably in blue ink, and cannot be faxed or emailed once they are signed. IRS rules, not ours, and chiseled in granite.

As for me, I am third generation in this business. I put over 23 years in the Marine Corps, Active and Reserve, and retired as a Major. I was an Assistant Prosecuting Attorney for a number of years in Gloucester County, New Jersey and taught New Jersey and Federal firearms law at the Gloucester County (NJ) Police Academy for 26 years and also taught at the Camden County (NJ) Academy on an as needed basis during the same time period. I am a member of the Pennsylvania and New Jersey Bars (both active), and Ohio Bar (inactive) plus four Federal bars (active). Bottom line, we know the law enforcement business. And we supply a large % of the Departments in Connecticut already so if you are not already buying from us, it is very easy to just call around and check us out.

And that's about it. We appreciate your business. Please contact us if we can ever be of service in the future and feel free to hand out our contact information to any other Department or Agency that is looking for a reliable source of reasonably priced police supplies. Please call us whenever you need anything. And if you have any friends with an FFL/gun shop, we supply stores as well. They just cannot buy at FET OUT pricing and the factory will not drop ship to them. Have them call us for quotes. We are NOT a huge corporation. When you call, you deal with people here!!

Best regards,

Thomas J. Morris III
