April 29, 2021

Honorable Mayor Elinor Carbone

Board of Public Safety Commissioners

April 2021 Report

In March we had 19 Fires, 4 Drills, 6 Work details, and our Monthly Meeting. With a total of 209.95 hours for the month. The significant incident for us was a car on its roof on Sawmill Road, where we used all of our absorbent booms (7), 50 absorbent pads, and about 60Lbs of speedy dry to collect the fuel and oil from the overturned car before it went into a catch basin. We have one member taking fire fighter 2, paying for the class out of his own pocket. We trained on air consumption, hazmat (two classes) and water supply.

In April we have had 4 Fires, 3 Drills, 5 Work details, and our Monthly Meeting. With a total of 201.15 hours for the month. The significant incident for us was a standby in Harwinton for a structure fire. We have one member continuing fire fighter 2. We trained on brush fires, CPR, and SCBA confidence/review for new members.

Attached is the logbook in full form for the 2020-2021 year, for the months of March and an incomplete month of April.

Through the generosity of the Torrington Savings Bank, we are going to be able to purchase a new set of gear. Torrington Savings Bank Foundation had given us a grant of \$3,120 toward a full new set of gear.

If there are any questions, please do not hesitate to call or email.

David Maccalous, Chief

Drakeville Volunteer Fire Department
