To Whom It May Concern,

On 5/30/2022, I had the pleasure of working with the Engine 4 crew in the care of a male party suffering from a possible overdose. This patient required aggressive treatment from both the Torrington Fire Department and Trinity Health of New England EMS. Additionally, even with multiple scene factors, both services worked together to safely extricate the patient from their residence and subsequently continue care during transport to Charlotte Hungerford Hospital. I am grateful for the continued exceptional relationship developed between the Torrington Fire Department and Trinity Health of New England EMS. Together, we are able to provide first-class emergency medical care to all citizens and visitors in the City of Torrington.

Today, we received an astounding phone call from the patient's family. They advised us that the patient was discharged home with no adverse outcomes. The family was very appreciative of the remarkable care provided by our services.

Please share this letter with the officers who responded. I look forward to continuing our collaborative working relationship. As always, please do not hesitate to reach out to Jeff Ganung or any of us here at Trinity Health of New England EMS.

Sincerely,
