Chief Borden,
Words cannot express my gratitude and appreciation for the response your department provided to the Town of Norfolk and the Norfolk Fire Department on the morning of November 5th and days following. Your members actions went above and beyond assisting in the mitigation of 8,200 gallons of gasoline that spilled making its way into the river/wetlands flowing down another 2,800 feet before it was finally contained. Without everyone's professional response, this disaster would have made its way to the Blackberry river and many other households in town including our firehouse. There is a long cleanup ahead of all of us with multiple agencies involved to remediate this catastrophe.

The fire watch that was provided for the following week deserves special recognition. Your members stepped up and filled a big responsibility for us and the Town of Norfolk allowing our members to continue to work with our EOC and maintain fire protection without taxing our firefighters.
Please pass along my sincere appreciation to everyone that responded and assisted.
