RE: Grinding

Dear Tim:

Thank you for inquiring about WeCare's grinding services. WeCare provides yard waste recycling services for many municipalities in Connecticut. Our combination of experience and the proper equipment makes us the preferred choice for municipalities looking to minimize costs while still managing their yard waste streams in an environmentally responsible manner.

The following is our proposal:

Material	Stockpiled brush and logs from Tropical Storm Isiasis at two locations and other brush at a third.
Grinder	Morbark Model 1300: Tub Grinder, 860 horsepower, equipped with a grapple for loading. Primary grinding will be done with a 6" hexagonal grate installed.
Loader	WeCare will provide a Volvo L90 loader equipped with a 3.5 cubic yard grapple bucket. An option for the City to provide a loader has been included
Transportation	Grinder transportation to Torrington and between site will be provide by WeCare. Loader transportation to Torrington is included in the quoted price. This proposal is based on being able to drive the loader on City streets between the City's sites
Safety	WeCare personnel will instruct Town personnel on safety procedures. The Town will be responsible for site safety.
Fuel	WeCare will be responsible for providing fuel for its equipment.
Contamination	The City will be responsible for any damage to the grinder due to contamination in the material.

Wood Chips                      Torrington will be responsible for the ground material

Price	Storm Debris Sites (2)	\$4,400
	With a City provided wheel loader	\$3,000
	Third Site	\$2,200
	With a City provided wheel loader	\$1,500

Availability                      October 2020

Thank you for your interest in WeCare. Please contact me at (860) 674-8855 extension 104 with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Field", is written above the printed name.

Chris Field  
Vice President

**CAUTION: EXTERNAL EMAIL.**

Hey Tim thanks for the message.

Currently our grinders are billed out at 5000 a day  
For oversized material that needs to be sheared our stump and log shear is 2500 a day.

Walking floor trailers to haul ground material off site are billed at 1200 a day.

Let us know if this meets your needs.

Good Morning Joe,

I am look to get a quote on the grinding of 3 separate piles of brush within the City of Torrington. I was wondering if you were interested in quoting this? Thank You

Timothy Cote

CAUTION: EXTERNAL EMAIL.

Hi Tim,

Thank you for taking the time yesterday. Pricing for the grinding of 3 sites are as follows:

1. 1<sup>st</sup> grind includes first 2 piles you showed me yesterday -- \$11,600
2. 2<sup>nd</sup> grind includes the last pile at the ball fields, we will consolidate brush/leave out bags of leaves -- \$6300

Notes:

- Because of the moves necessary, we would want both jobs to make it efficient for us.
- Any wash outs on the steep grades would need to be graded or leveled to move equipment safely up the hills.
- Material will stay on site

Thanks again,

Kurt
