RE: Inland Wetlands Commission Appointments

Dear Mayor and Council Members,

I am submitting this memo to request the appointment of a new member, Randall Stelma, to the Inland Wetlands Commission. He is a Torrington resident, who has a Bachelor of Science degree from UConn and Master's degrees from Boston University and Northeastern University. He currently works as an IT Specialist for Black and Decker and on his family farm.

He would fill an existing vacant seat for a partial term to expire 9/5/2023 and is a registered Independent. I fully support and request his appointment to the Inland Wetlands Commission.

We also currently have vacancies on Land Use Boards and Commissions and are actively looking for volunteers:

Zoning Board of Appeals - two (2) alternate member vacancies

Conservation Commission – one (1) regular member and two (2) alternate member vacancies

I would encourage anyone that is interested to contact the land use office for information on the duties and responsibilities of these boards and commissions, and we would welcome speaking to potential volunteers.

We appreciate your continued support.

Sincerely,

Nate Nardi-Cyrus, Assistant City Planner
