October 2, 2020

**TO: Mayor Carbone and Members of City Council**  
**FROM: Inland Wetlands & Watercourses Commission**  
**RE: Re-appointment for Inland Wetland & Watercourse Commission**

Dear Mayor and Council Members,

There are currently four seats on the Inland Wetlands & Watercourses Commission with terms that expired on September 4, 2020.

John Bate, Jr., Jane Bakker and Tomasz Kalinowski have all asked to be reappointed for another term. All of these Commissioners are dedicated valuable members of the Commission and I look forward to working with them for another term.

Another member, Jonathan Andrews, has not yet replied to requests for reappointment, so that slot on the commission is vacant at present.

Tonight we are asking the City Council to reappoint John Bate, Jr., Jane Bakker and Tomasz Kalinowski for another term so we can continue to maintain a full quorum for future meetings.

We will continue to reach out to residents to fill the two open seats on the commission.

We appreciate your continued support.

Sincerely,  
Torrington's Inland Wetlands & Watercourses Commission
