RE: Purchase of Ammunition off the State Contract, #14PSX0243

The Torrington Police Department has requested to waive the City bid process and purchase their ammunition off the State Contract #14PSX0243, Ammunition, New and Reloads from Eagle Point Gun, Thorofare, NJ. This ammunition used for department recertification at West Hartford, the Special Response Team monthly training, new recruits at the Police Academy and the department training for fiscal year 18/19.

It is my recommendation to waive the City bid process and to purchase the ammunition off the State Contract #14PSX0243 from Eagle Point Gun in Thorofare, NJ pending approval from the Board of Public Safety. The estimated budgeted amount for these purchases is \$41,000.00 for both the Police and SWAT teams.

Thank you for your consideration on this matter.

Re: State Bid Acceptance

The Torrington Police Department is requesting to waive the City bid process and accept the State Bid for ammunition for the fiscal year 18/19'. The ammunition used for the department recertification at West Hartford, the Special Response Team monthly training, new recruits at POSTC Police Academy and the department training.

The letter attached from Eagle Point Gun states they will have the State of Connecticut contract for Ammunition (Contract # 14PSX0243) for fiscal year 18/19'. The locked in pricing goes until January 2019 with the projected pricing extended until December 2019. Eagle Point has maintained their price guide since 2015.

The one time purchase will suffice the needs of the department for the 2018/ 2019 budget year. The one time purchase will help reduce the paperwork and processing for the Finance Department. The one time shipment will also cut the delivery fees and one time airdrop direct from the factory.

Thank you,

Lt. Thomas Rouleau #305
Training Division

As per your below Request, the following is provided. We have the current Connecticut State Contract, Contract #14PSX0243, for Federal Cartridge, CCI/Speer and Remington ammunition. The Contract went into effect on 15JAN2015. The Manufacturers have the right to request a price increase once a year on the anniversary date. Current prices went into effect on 15JAN15. They did not request a price increase on 15JAN16, 15JAN17, or 15JAN18. This means prices are still locked in at the 15JAN15 levels until at least 15JAN19. While the Manufacturers have the right to request another increase on 15JAN19, based on the last 3-4 years, I doubt they will do so. They have also not raised prices on the New Jersey, New York, Rhode Island, New Hampshire, and Maine State Contracts and all pricing is about the same in the North East and they just agreed to extend New York at the same prices for another year (from 01NOV18-31OCT19). Accordingly, it is my opinion that the current Connecticut price list will remain the same price list that went into effect on 15JAN15 through 31DEC19.

As always,
Tom
