MEMORANDUM

To: Honorable Mayor Elinor Carbone and City Council Members

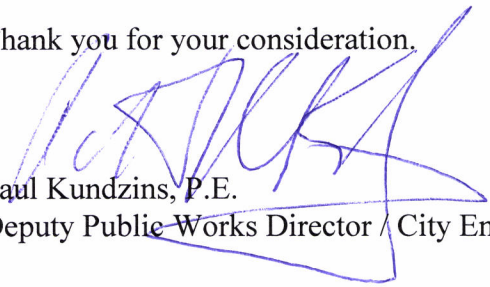

From: Paul Kundzins, P.E. - Deputy Public Works Director / City Engineer

Date: August 17, 2020

RE: Agenda Item "Putter Lane Sanitary Sewer Extension"

I respectfully request a vote by City Council acting herein as the Water Pollution Control Authority to refer to the Planning and Zoning Commission for a Section 8-24 review of the proposed "Putter Lane Sanitary Sewer Extension".

Thank you for your consideration.

Paul Kundzins, P.E.
Deputy Public Works Director / City Engineer

cc: Ray Drew, Public Works Director
Martin Connor, City Planner

Reference: Proposed Putter Lane Sanitary Sewer Extension

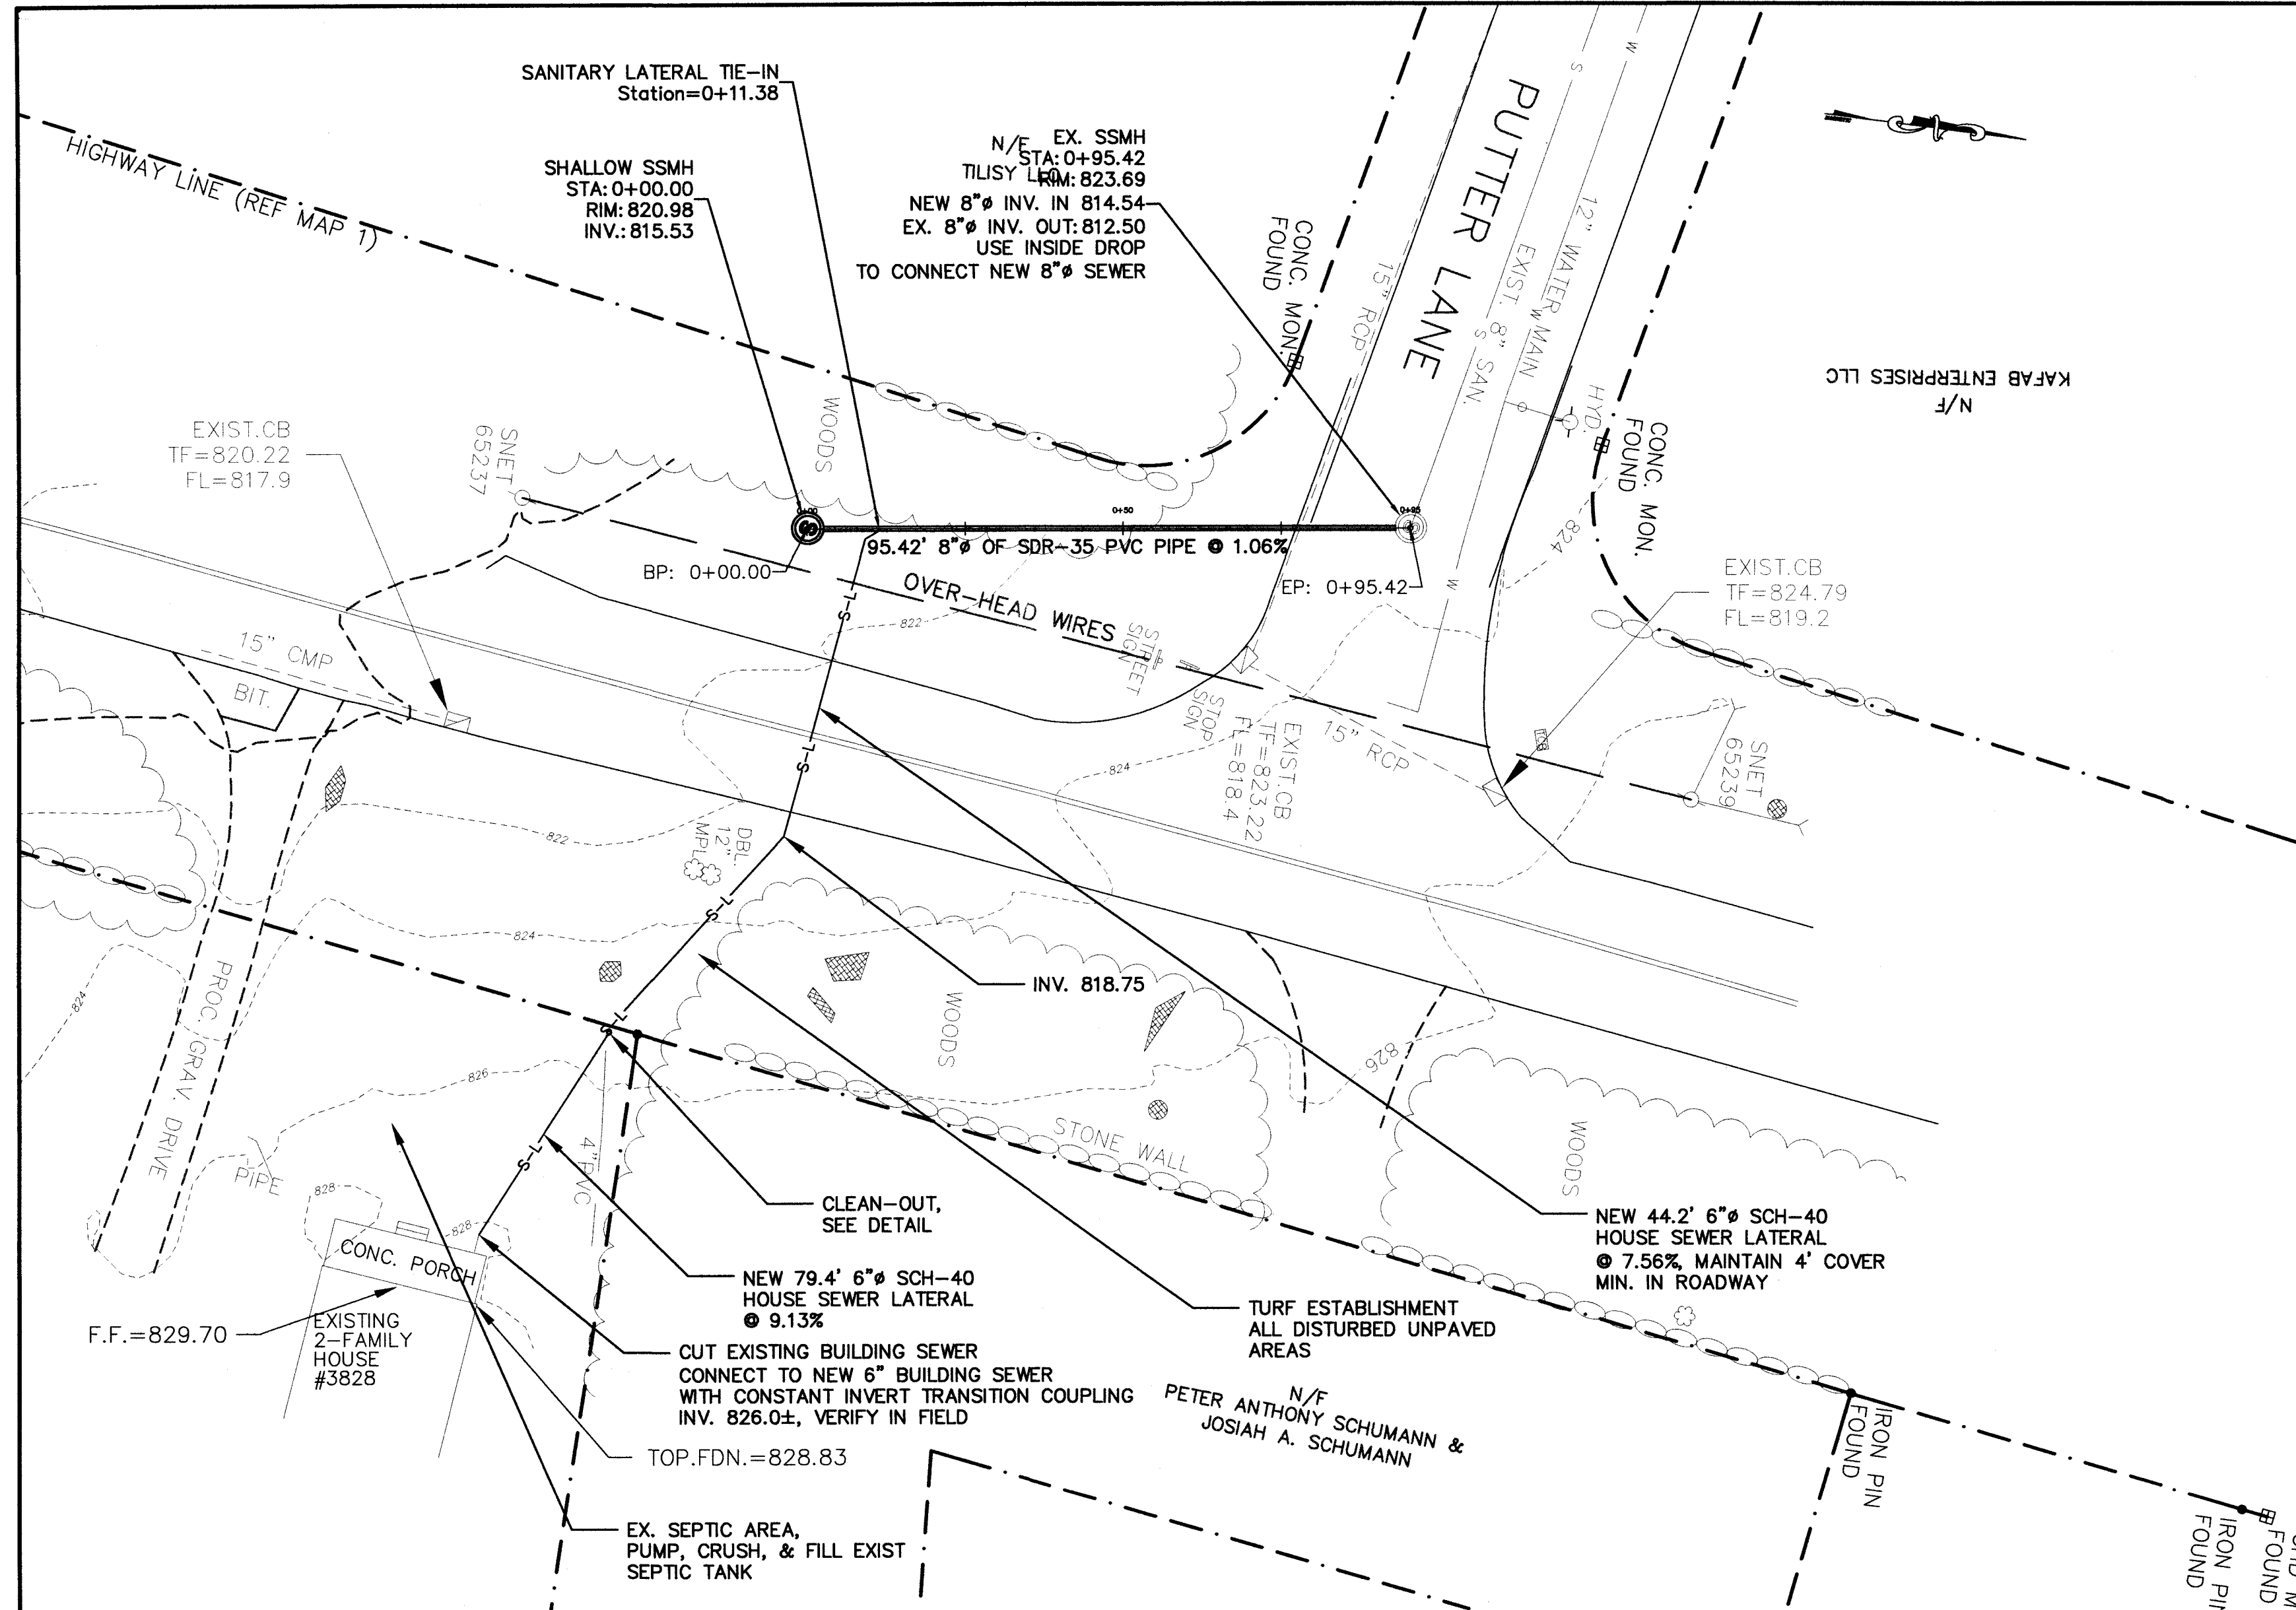

Mr. Drew:

I am writing to request that the Torrington WPCA accept the proposed sewer extension as shown on the included plan prepared by this office and titled, "PUTTER LANE SANITARY SEWER EXTENSION, TORRINGTON", dated 7-27-20 as a public sewer. The proposed sewer extension consisted of a new 8-inch diameter sewer main that will start from a new sanitary sewer manhole approximately 95 feet southwest of the existing sanitary sewer manhole at the beginning of Putter Lane. The proposed sewer will extend northeast and connect to the manhole at the beginning of Putter Lane.

Thank you for your time in this matter. If you have any questions, please do not hesitate to call my office.

Warmest Regards,

Jason Dismukes, P.E.

Construction Specifications

Reference: State of Connecticut Department of Transportation, The Standard Specifications for Roads, Bridges, Facilities and Incidental Construction, Form 818, 2020

Section 9.71, Maintenance And Protection of Traffic:
This section shall apply to the maintenance and protection of traffic during construction. The Contractor shall obtain an Encroachment Permit from the CTDOT prior to construction. The contractor shall comply with all requirements of the encroachment permit.

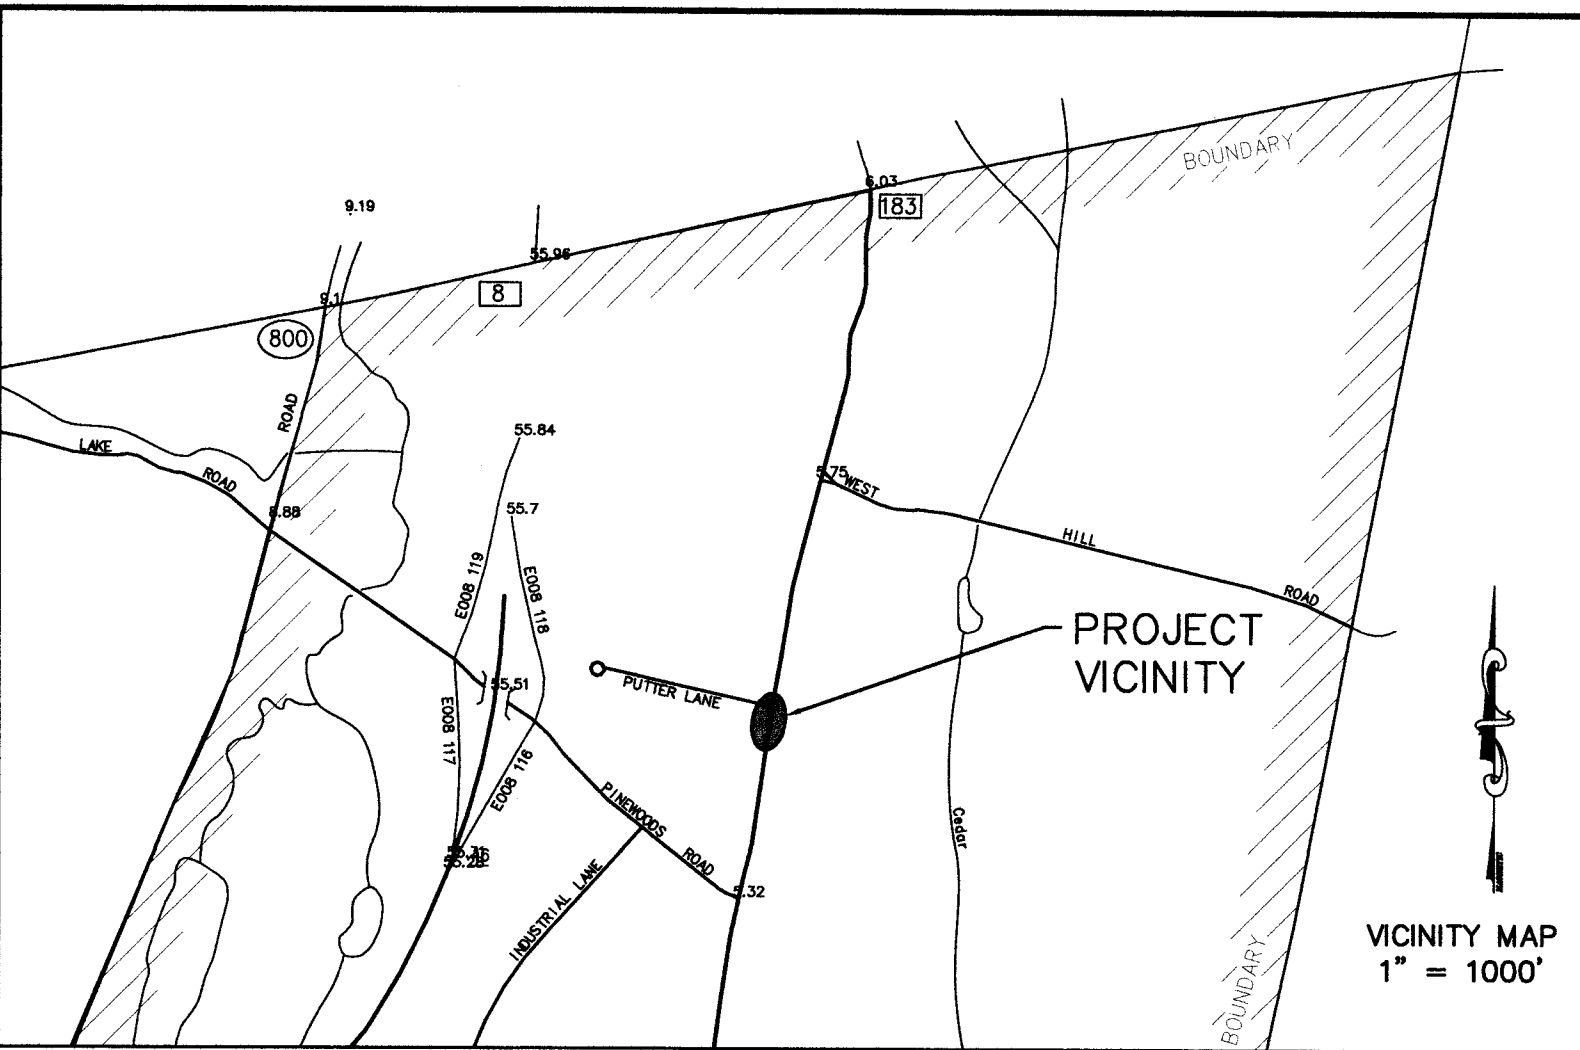

Section 2.03, Structure Excavation:
This section shall apply to the excavation for the proposed sewer extension and sewer lateral. The Contractor shall comply with Sections 2.03.01 – 2.03.03.

Section 2.12, Subbase:
This section shall apply to the backfilling of the proposed sewer lateral trench within the Connecticut Route 183 roadway after the lateral has been installed and properly bedded. See Sanitary Sewer Trench details, this sheet. The Contractor shall comply with Sections 2.12.01 – 2.12.03.

Section 3.04, Process Aggregate Base:
This section shall apply to the establishment of an acceptable compacted process aggregate base layer along the proposed sewer lateral trench within the Connecticut Route 183 roadway and after the establishment of an acceptable subbase. The Contractor shall comply with Sections 3.04.1 – 3.04.3.

Section 4.06, Concrete for Pavement:
This section shall apply to temporary trench patch along the sewer lateral trench in the Connecticut Route 183 roadway. Temporary trench patch shall be a 2-inch course of Standard Performance Grade Binder. The contractor shall comply with Sections 4.06.01 – 4.06.03.

Section 9.50, Turf Establishment Erosion Control Matting:
This section shall apply to the establishment of an acceptable stand of grass in all unpaved disturbed areas. The Contractor shall comply with Sections 9.50.01 – 9.50.03.

RE: Sewer Discharge Permit 3828 Tarringford Street

Dear Mr. Borja:

We have received and reviewed your application for a Sanitary Sewer Discharge Permit to convert from septic to sanitary sewer. The property is shown in Assessors files as 3828 Tarringford Street, Account #3280, Map/Block/Lot: 253/003/009. We have determined that the wastewater discharge from this house will not adversely affect the conveyance or treatment system. In order to approve your application there are some procedures you will need to complete:

1. Submit an Engineered plan of the project.
2. There will also be Board approvals needed as well as a Public Hearing.
3. A sewer extension would be required for the Torrington WPCA to accept taking over the section in the Connecticut DOT road.
4. After approval a Capacity Reserve Fee in the amount of **\$7,000.00** shall be paid in full prior to issuance of permit. (2 family home)

If you have any questions regarding this matter feel free to contact us at your convenience.

Sincerely;

Raymond E. Drew
Administrator, WPCA
