Daytime shift employees shall be notified during their day shift. Evening shift employees shall be notified at the start of their shift. The employee must submit to the additional drug testing at the time stated in the notice from the Chief or his designee. Failure to do so shall be deemed evidence of the use of an illegal substance and the same as a positive drug test result. A positive test result after reinstatement is considered to be just cause for discharge and shall result in the employee's termination.

The City Treasurer shall be Treasurer of the Board and he/she shall be custodian of all moneys and property of the pension fund. The payment of any moneys from the fund shall be made only on approval of a majority of the Board by order drawn on the Treasurer, signed by the President, and countersigned by the Secretary. All moneys of the fund shall be deposited in a national bank or in a bank organized under the laws of this state and, when directed by the Board, may be invested in legal securities for trust funds as designated by the general statutes. To the monies or securities turned over to the Board of Trustees for the pension fund by the Fire and Police Departments, shall be added such sums of money as are appropriated to said fund; all property specifically devised or given for the benefit of disabled policemen of said City on account of services rendered by said department; all lost, abandoned, unclaimed or stolen money and all moneys arising from the sale of unclaimed, abandoned, lost or stolen property in charge of the Board of Public Safety of said City which have or may become available for the purpose under the provisions of the general statutes; all rewards, fees, unclaimed witness fees, gifts, testimonials and emoluments that may be presented to any member of the Police Department of said City on account of special services, except such as said Board of Public Safety may allow any member or

members to retain, and all monies collected from members of said department by way of fines or forfeitures of pay imposed or ordered by said Board; and assessments on the compensation of the members of the Police Department payable weekly in the amount of eight percent (8%).

SECTION 4

The Board of Councilmen and the Board of Finance shall, in the annual budget of the City, appropriate in Section A of the budget as a fixed charge or running expense, a sum equal at least to the annual assessment of the members of the Police Department, and the City Treasurer shall pay such amount to the Treasurer of the fund.

SECTION 5

Said Board of Trustees shall report to the City Council yearly the condition of said fund, with all the items of receipts and disbursements on account thereof. If the income of the pension fund is found at any time insufficient to meet the requirements upon it, the City Council and the Board of Finance, upon application of the said Board of Trustees, shall make an appropriation to make good the deficiency, and any prospective deficiency in the income of said fund may be provided for by the City Council and the Board of Finance in its annual appropriation for the Police Department.

SECTION 6

Any member of the Police Department who terminates his/her employment for any cause prior to having completed ten (10) years of service shall, upon termination, be repaid all of his/her contributions paid in to the pension fund together with interest thereon at the rate of four percent (4%) per annum, compounded annually.

Any employee who has been repaid such contribution and interest because of layoff shall be entitled to repay to the fund, such contribution and interest, if he/she is recalled and accepts employment within the recall period set forth in Article X, Section 2. Said repayment shall be made within a period of time, commencing with the date of recall, that is equal to the period of time that the employee was on the recall list.

SECTION 7

Average annual compensation that the member has received during the three (3) year period of active service immediately preceding the date of retirement shall include all monies paid to or owed the member except, commencing July 1, 2017, overtime earnings of the retiree in excess of a cap calculated by multiplying a Police Lieutenant's annual base pay existing in the year of retirement by fifty-two percent (52%) and pay for "outside duty" provided that such average annual compensation shall not be calculated so as to consist of more than fifty-two (52) weeks of compensation by including compensation which, though paid in such three year period, was earned or accrued in a year other than the three (3) years immediately preceding the date of retirement. "Half pay" shall be defined as fifty percent (50%) of either such compensation, where applicable.

SECTION 8

Any employee who shall have completed ten (10) years of service and who thereafter has his/her employment terminated subsequent to May 5, 2008 other than for just cause found, shall, upon attaining age 55 or regardless of age, upon reaching his/her twenty-fifth (25th) anniversary from date of hire, be entitled to a pension equal to two and one-half percent (2.5%) of the average annual compensation that the employee received during the three (3) year period of active service immediately preceding the date of termination, multiplied by the total years of completed active service of such employee and service purchased in accordance with Section 15 which total years may not exceed twenty-seven (27). Effective with the issuance of the award in 2015-MBA-282, September 4, 2015, employees shall pay an employee contribution of four (4%) of pay after attaining twenty-five (25) and before twenty-seven (27) years of service. Employees shall not pay contributions to the pension fund after attaining twenty-seven (27) years of service. If any employee shall die before reaching his/her twenty-fifth (25th) anniversary from date of hire, then upon his/her twenty-fifth (25th) anniversary from date of hire, the surviving spouse of such employee, if he/she then be unmarried, shall, until his/her death or remarriage receive a sum equal to one-half (1/2) of the sum to which the employee would have received had he/she lived. If said member leaves no surviving spouse, such payments will be made to any surviving children as defined below.

Any child of a deceased employee who is entitled to such benefit shall receive such payment until he/she reaches the age of eighteen (18), except that any such child who is a full-time student shall continue to receive such payments until he/she reaches the age of twenty-three (23).

Medical benefits shall not be provided to any person receiving pension benefits pursuant to this section.

SECTION 9

The Board of Public Safety may retire any employee who has twenty-five (25) years of continuous service as a member of the Police Department upon the application of that employee.

SECTION 10

The Board of Public Safety may permanently retire on half pay, any member of the Police Department who has completed five (5) years of service and who has become permanently disqualified from performing any duty, upon a certificate of two (2) medical doctors or two (2) psychiatrists licensed and recognized by the State of Connecticut (one (1) doctor or psychiatrist to be chosen by the member and one (1) to be chosen by the Board of Public Safety) showing that the member is permanently disqualified from the performance of all police duty and that such disqualification is caused by some injury received, disease contracted, or exposure endured while performing the duties of his/her service, without fault on his/her part. In the event the two doctors or psychiatrists chosen above are not able to agree, a third (3rd) doctor or psychiatrist shall be chosen by mutual agreement and the cost thereof shall be shared

equally by the member and the fund. The opinion of the third (3rd) doctor or psychiatrist shall be final and binding on all parties.

SECTION 11

a. Subsequent to May 5, 2008, any active member of the Police Department having at least ten (10) years of service and having attained age 55, or regardless of age, having twenty-five (25) completed years of service, shall upon written application be retired, with an annual pension, payable monthly from the pension fund that is equal in amount to two and one-half percent (2.5%) of the average annual compensation that the member has received during the three (3) year period preceding retirement, multiplied by the number of completed years of service and service purchased in accordance with Section 15 which total years may not exceed twenty-seven (27). Effective with the issuance of the award in 2015-MBA-282, September 4, 2015, employees shall pay an employee contribution of four (4%) of pay after attaining twenty-five (25) and before twenty-seven (27) years of service. Employees will not pay any contribution after twenty-seven (27) years of service. If any such employee shall die after he/she retires, pursuant to this section, the surviving spouse, if he/she then be unmarried, shall receive until his/her death, remarriage, or cohabitation with a member of the opposite sex, a sum equal to one-half (1/2) of the sum to which the retired employee would have received had he/she lived. If there is no surviving spouse or the spouse has remarried or is cohabiting with a member of the opposite sex, such benefit will be paid to the child or children of the retired employee until the age of eighteen (18) or the age of twenty-three (23) if the child or children are full time students. If there is more than one (1) child, the payment will be equally divided among them.

Any employee retiring under this section will also receive medical coverage equal to the coverage afforded active employees and as it may be changed from time to time until the age of sixty-five (65). If the retiree is eligible, at the age of sixty-five (65), the medical coverage will be altered to the Anthem 65 High Option and 81 Plan. Medical coverage equal to the coverage afforded active employees and as it may be changed from time to time will remain in effect for the spouse and for the child or children of the retired employee until such child or children is no longer eligible to receive such benefit pursuant to federal guidelines governing dependent eligibility for health insurance benefits. Upon reaching age sixty-five (65), such medical benefits for the spouse shall be altered to the Anthem 65 High Option and 81 Plan if he or she is eligible.

Any employee retiring under this section shall pay that amount towards the cost of such coverage that the employee was paying for medical coverage at the time of retirement in addition to an amount equal to 1/2 of any increase in that cost for active employees multiplied by the percentage of the cost the employee/retiree was paying at the date of retirement. The retiree shall be subject to this potential change in the cost share annually for five (5) years after retirement or age sixty five (65) whichever comes first after which the share of said costs will be frozen at the last level.

Example: If active employees are paying 9% and the insurance cost increases from \$20,000 to \$22,000, the retiree who retires at that 9% level would pay $\$2000/2 = \$1000 \times 9\% = \$90$ more than the previous year. Thereafter for a period of five (5) years after

retirement whenever the cost to the actives increase the retiree's cost will increase by 9% of 1/2 of the active's increase. The multiplier (in this example, 9%) will be whatever the percentage is in the year of retirement.

b. Notwithstanding the provisions of a. above, each employee may elect and/or revoke in writing, one of the following spousal benefit options prior to retirement. Any elected option shall become inoperative if the employee's spouse dies before the employee's retirement date. Any employee who does not choose one of the following options shall receive benefits in accordance with a. above.

Option I - The retiree may elect to receive a reduced benefit in accordance with Table I and, upon his/her death, his/her spouse shall receive 100% thereof for life. SECTION 12

If any member of the Police Department is killed while in the actual performance of duty, or dies from the effects of any injury received while in the actual discharge of duty, regardless of the number of completed years of service to his/her credit, the Board of Trustees, by the affirmative vote of a majority of its whole number, shall direct a sum equal to one hundred percent (100%) of the employee's annual compensation, payable in monthly installments to the surviving spouse for as long as such spouse remains unmarried and does not cohabit with a member of the opposite sex. If there is no surviving spouse or the spouse has remarried or is cohabiting with a member of the opposite sex, the benefit will be paid to the child or children of the employee until the age of eighteen (18) or the age of twenty-three (23) if the child or children are full time student(s). If there is more than one (1) child, the payment will be equally divided among them.

- a. If the deceased employee leaves neither spouse nor children, such payment shall be made to the parent or parents of the deceased member if the parent or parents depended on the employee for their support.
- b. The medical benefits afforded active employees and as they may be changed from time to time will remain in effect for the spouse until remarriage or cohabitation with a member of the opposite sex, and/or for the child or children of the deceased employee until such child or children is no longer eligible to receive such benefit pursuant to federal guidelines governing dependent eligibility for health insurance benefits.
- c. If the surviving spouse does not remarry or cohabit with a member of the opposite sex, then upon reaching the age of sixty-five (65), if she/he is eligible, the medical benefits will be altered to the Anthem 65 High Option and 81 Plan.

SECTION 13

In the event of the death of a member of the Police Department before ten (10) years of service (not to include military "buy in" time), other than as qualified in Section 12 et al, a refund of the total amount of assessments paid by the employee into the fund, plus interest at the rate of four percent (4%) per annum shall be paid to the employee's surviving spouse. If there is no surviving spouse, the payment shall be made to any child or children of the deceased employee, or to his/her estate.

SECTION 14

All terms of this ARTICLE shall apply equally to both male and female members of the Police Department regardless of wording. The terms "surviving spouse" or "spouse" shall mean the person to whom the deceased member is legally married at the time of death. The term "child" or "children" shall mean and include all natural and/or adopted children of the deceased that fit the age requirements.

SECTION 15

a. Employees may elect to buy, during their first year of employment or, in the event of military recall, one (1) year from the employees return from such recall, active United States Military service time of up to two (2) years. Employees who elect to buy active military service time shall pay their "buy in" contribution either in a lump sum or in equal weekly installments over a period of no longer duration than the military service time to be bought. The amount of the "buy in" contribution shall be based on the rate of pension contributions and compensation in effect at the time of the "buy in" or during any period such "buy in" payments are made. As to employees who have, prior to the date of this May 5, 2008 agreement purchased military service time in excess of two (2) years and are unable to use the excess under Section 8 or 11 of this Article, the City shall reimburse such employees for the cost of such excess.

b. The active military service time for which contributions are completed shall apply to all sections of this ARTICLE for the purpose of computing numbers of years of service for benefits but will not be counted towards the twenty-five (25) years of active service needed to retire, or ten (10) years of active service necessary to "vest" benefits.

The employee's Military Discharge Form DD-214 shall be used to determine active military service time.

SECTION 16

The term "years of service" as used in this Article shall not include any period of time that an employee is on layoff.

SECTION 17

The exclusive retirement plan for employees hired after the issuance of 2015-MBA-282, September 4, 2014, shall be a defined contribution plan the details of which • follow:

- City will make a mandatory pretax contribution of 7% of pay up until July 1, 2020, at which time the contribution will increase to 8% of pay including overtime but excluding extra duty pay.
- The employee will make a mandatory pretax contribution, by payroll deduction of 6% of pay including overtime but excluding extra duty pay.
- Employee contributions vest immediately. City contributions vest at a rate of 20% per year over the first 5 years.
- Funds may be withdrawn in accordance with IRS regulations.

- Employees may rollover a 401 or other IRS qualified plan from a prior employer.
- A broad array of investment options will be provided through the International City/County Management Association-Retirement Corporation (ICMA-RC)
- City will provide a disability benefit similar to that set forth in Section 10 above.
- The plan shall include the provision for a spousal and/or child benefit similar to that set forth in Section 12 above.
- An employee having ten (10) years of service and having attained age fifty-five (55), or regardless of age, having twenty-five completed years of service shall upon retirement be entitled to medical insurance and/or Anthem 65 High Option and 81 Plan. The retiree shall be entitled to the same medical insurance as active employees as it may be changed from time to time until the age of sixty-five (65). If the retiree is eligible, at the age of sixty-five (65), the medical coverage will be altered to the Anthem 65 High Option and 81 Plan. The total amount of combined time a retiree can receive this benefit is ten (10) years.

Any employee retiring under this section shall pay that amount toward the cost of coverage that the employee was paying for medical coverage at the time of retirement in addition to an amount equal to $\frac{1}{2}$ of any increase in that cost for active employees multiplied by the percentage of the cost the employee/retiree was paying at the time of retirement. The retiree shall be subject to this potential change in the cost share annually for five (5) years after retirement or age sixty-five (65) whichever comes first after which the share of said costs will be frozen at the last level.

Example: If active employees are paying 9% and the insurance cost increases from \$20,000 to \$22,000, the retiree who retires at the 9% level would pay $\$20000/2 = \$1000 \times 9\% = \$90$ more than the previous year. Thereafter for a period of five (5) years after retirement whenever the cost to the actives increases the retiree's cost will increase by 9% of $\frac{1}{2}$ of the active's increase. The multiplier (in this example, 9%) will be whatever the percentage is in the year of retirement.

DEFERRED RETIREMENT OPTION PLAN (DROP)

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement ("Agreement") is entered into by and between the City of Torrington ("City") and Torrington Police Union ("Local 442, Council 4, AFSCME, AFL-CIO", "Union").

WHEREAS the City and the Union are parties to a Collective Bargaining Agreement covering the period of July 1, 2021, through June 30, 2023 ("Collective Bargaining Agreement"); and

WHEREAS the parties wish to memorialize their understanding of the terms and conditions of the implementation of a Deferred Retirement Option Plan (hereinafter "DROP") intended to provide an alternative retirement option to all current employees who are eligible to retire under the terms of the collective bargaining agreement between the City of Torrington and Torrington Police Union
local #442 and Council #4, AFSCME, AFL-CIO;

NOW THEREFORE, the parties hereby agree as follows:

Deferred Retirement Option Plan

The Deferred Retirement Option Plan (hereinafter "DROP") is intended to provide an alternative retirement option to all current employees who are eligible to retire under the terms of the collective bargaining agreement between the City of Torrington and Torrington Police Union Local #442 and Council #4, AFSCME, AFL-CIO.

DROP Period:

The DROP Period is defined as the time after the member has elected the DROP, commencing on the date the first amount is credited to the designated DROP account, through the date that the employee separates from City Service.

The DROP Period must begin on the first day of a calendar month and end on the last day of a calendar month.

Eligibility Requirements:

Any employee who is POST certified and who shall have completed ten (10) years of service and upon attaining age 55 or regardless of age, upon reaching his/her twenty-fifth (25th) anniversary from date of hire, shall be entitled to elect the DROP retirement option.

Any employee/participant who has accumulated sick leave or compensatory time to his/her credit, may use this time in accordance with the current collective bargaining agreement to extend the period of employment represented by the amount of sick leave or compensatory time paid to calculate his/her length of service.

Any time which is used to extend length of service will be paid out to the employee/participant as follows: 50% at the start of the DROP period and 50% at the completion of the DROP period. Any additional time which remains shall be carried forward into the DROP period.

Length of DROP:

The DROP Period shall be a minimum of two (2) years to a maximum of five (5) years in length and shall be in increments of years. When the employee/participant elects the DROP they shall identify the length of time, in years, they plan on participating. The employee/participant shall provide written notice, at least 90 days prior to the end of the selected DROP term, to the City of his/her intention to renew their DROP for an additional year or whether they will be separating from service.

Any member who has elected the DROP may separate from City service at any time during the DROP period and such separation will mark the termination of the DROP period and the commencement of normal pension benefits at 100%. The employee/participant shall provide written notice, at least 90 days prior to such separation if possible.

Written Notice of Intent to DROP:

Any member meeting the requirements at the date of the execution of this agreement shall provide at least 90 days written notice to the City of his/her intention to elect the DROP Option. Said written notice shall include the necessary employee/member information, date to commence DROP, and the term/length of the elected DROP Period.

DROP Benefits:

Any employee electing the DROP will be considered retired with respect to the Pension Plan calculation but will not have separated from City service. Notwithstanding any other provision within the pension plan to the contrary, a member does not need to leave City service to qualify for pension benefits if that member had elected the DROP. The employees who have elected the DROP may remain in City service at their current rank, with all the benefits of the Collective Bargaining Agreement, (i.e., accrue and receive vacation, sick, and holiday time), through and including the completion of their DROP period, except there shall be no tuition reimbursement available pursuant to Article XXIII, Section 3 of the collective bargaining agreement. There shall only be promotional opportunities for these employees per agreement with the Union and the City.

During the elected DROP period, the employee/participant's monthly pension amount that would have been payable had the member elected to retire will be credited to the record

keeping account of the member within the Police Pension fund. Such amounts shall be credited with interest as follows: At the end of the DROP period, these funds, with interest accrued at the rate of the two-year average T-bill, adjusted annually, to a maximum of five percent (5%) per annum, on each year's balance, shall be paid in a lump sum to the employee/participant. Payment shall be made within thirty (30) days of the member's separation from service.

During the DROP period, the monthly pension payment will be 90% of the monthly pension amount the employee was entitled to receive had the member retired without electing DROP.

Completion of DROP:

Upon the completion of the DROP Period the employee/participant will be considered retired. No employee/participant will be allowed to continue working for the City of Torrington (in their capacity as a police officer) after the completion of their respective DROP period. This would not affect an employee/participant's ability to become a Supernumerary Officer if such position were to exist in the City.

When the employee/participant completes the DROP period, the accrued sick time and compensatory time he/she has remaining will be paid out when they separate from City service. The amount of sick time and compensatory time which can be paid shall be in accordance with the current collective bargaining agreement. These funds will be paid to the employee in a lump sum with fifty percent (50%) paid at the start of the DROP period and fifty percent (50%) paid at the completion of the DROP period. Payment for sick leave shall never exceed the maximum allowed under the current collective bargaining agreement. If the employee/participant used any of this time to extend their length of service, the amount of time used will be subtracted from their total available amount as per the current collective bargaining agreement.

The retired employee shall be entitled to full ownership of one hundred percent (100%) of the DROP account balance, with accrued interest herein describe, within thirty (30) days of his/her separation from service. Upon completion of the DROP Period, the retired employee shall commence receiving monthly pension benefits {i.e., 100% of his/her normal retirement benefits determined as of the DROP effective date}.

Insurance Benefit:

Participants who elect the DROP shall participate in the then current police contract medical and dental plans and contribute the same premium cost share as active employees/participants during their elected DROP Period. Except for premium cost shares to be paid during the DROP period as mentioned above, all other medical insurance benefits for DROP participants shall be frozen based upon the terms of the collective bargaining agreement in place at the time the participant entered DROP. Upon completion of the DROP, the employee's cost share will revert to the cost share the employee paid upon retirement and any increases will be subject to ARTICLE XXIV Section 11.

Injury and/or Death During DROP:

Employee/participant members that are in their elected DROP Period who sustain injury shall be entitled to all Workers Compensation Benefits as if an active employee/participant. If the employee/participant becomes disabled while in the DROP Period, said employee/participant shall discontinue the DROP and receive their normal pension.

If the employee/participant dies, in accordance with the terms of the Police Pension Fund, during the DROP Period, his/her beneficiary/beneficiaries will receive payment equal to 100% of the amount of the pension payments accrued during the DROP Period up until the date of death. This payment will be made by the City within sixty (60) calendar days of the date of death. Thereafter, pension payments will be made in accordance with the terms of the Fund.

Survivorship options:

If a DROP participant dies during his or her participation period, all funds in that participant's account shall be disbursed to the participant's beneficiary or beneficiaries listed in the DROP contract. Upon death of a DROP participant, either during or following his or her DROP terms, the death and survivor benefits will be payable by the pension plan in accordance with the collective bargaining agreement with the stipulation that the monthly pension benefit upon which survivorship calculations are determined shall be that amount determined by division of the retirement rate.

The parties have reached this Agreement as of this 15th day of April 2022.
