Martin Connor, City Planner
Planning and Zoning
City of Torrington

Dear Mr. Connor,

I have received and reviewed the application for the renewal of Quarry operations located at 3217 and 3345 Winsted Rd. I will ask that they continue to canvas, and do seismograph readings at the current properties, also continue notifying the mayor's office, my office the day of the blasts. I will still request copies of all the blast via Email.

Respectfully submitted,

Edward Bascetta
