Jeremy i have heard no response from you since my last email to you dated Dec 21,2023 which was much earlier today, requesting that full transparency of any and all matters regarding my property located at 441 Oak Ave, Torrington, CT 06790 be included into my public record and file as well as any allegations by Elizabeth A. Tieman who also has an Alias of "A.K.A. Elizabeth A. Fodor" located and on record as living at 451 Oak Ave. Torrington CT, 06790, be included in its entirety and submitted to myself as well as every single member of the Zoning Board Of Appeals! Im not asking for anything but absolute transparency here! Can you please add this email as well as any and all of my emails to my public record and file and that this all be submitted to every member of the zoning board of appeals to review in their leisure and within enough time frame of at least one week prior till my next hearing date of Jan 8, 2024? So by no later than Jan 1, 2024 can i ask that every member of the zoning board of appeals be sent everything in it's entirety concerning myself Gary Alan Hatstat, the property i own located at 441 Oak Ave, Torrington, CT 06790, as well as Elizabeth A. Tieman "A.K.A. Elizabeth A. Fodor" who claims to reside at 451 Oak Ave, Torrington CT 06790, as well as any file, document, video,statement,email,text or written letter be sent,again, to every member of the zoning board of appeals! I have to keep requesting this of you and Nate because neither of you have confirmed my request of which again is ONLY TO ENSURE COMPLETE TRANSPARENCY here in these proceedings against me which are based on one single neighbors distorted view of reality! This must be exposed to the board as well as none of Tiemans allegations against me have ever been substantiated nor upheld as truth! In fact its the contrary!

Thank you! Just let me know as soon as possible on the file sizes and if i need to come into your office with flash drives or not! and can i ask that any and all correspondence either by email or in writing, or submitted evidence, reports or video surveillance be included and submitted in their entirety to me and the entire Zoning Board of Appeals officials both from me as well as madam Tieman ? Again for full transparency! as i wish the board to see this progression against me from Tiemans false allegations, that has ever been recorded, submitted in writing or furnished to you or any other member of your office now retired or not,since my purchase of the building ? I do not feel as i am asking for anything but truth here Jeremy and i would hope you can see that.

Ok please send me her entire video submissions via email for starters? As it is important to get going on this before Jan 8. And most if not all images i have sent in to Nate and yourself are of before (when i purchased the property in Aug, 2020) and after where the recent images are looking in the same camera angle showing my hard work on my dream such as painting, lighting, general refurbishment, tools and specialty tools that i have invested now over \$100,000 dollars of my extremely hard earned money by just working as much as i can. Not gonna happen for me in any other manner! And this is my dream here, of which your correspondence to madam Tieman only confirms you have had knowledge of. She may not like me, herself or anyone else on the planet, but this gives her no right to falsely attack me using fire, police and city departments with made up claims because she knows of my criminal history, that i burn firewood to heat my building and i work late night and with every bit of spare time i have! The Hon. Judge Matasavich stated on the record that i have paid my debt to society. Tieman never got that memo nor would it change her course, but This should mean something as well as my efforts at my property to both you and the board.

No we don't have extra flash drives or any to sell. It looks like Ms. Tieman's videos that we have in our files are just over 500 MB. I can put all of her videos and other electronic files on a flash drive if you get us one. We could email them as well, but we'd have to send them in a lot of separate emails due to file size restrictions.

Gary,

I really don't know about the file sizes. We are just sending off everything to the Board members and keeping everything else available should anyone request the recordings. You should go back through your emails and look at your attachments to add them up. If you are requesting them from us, we would just bounce your emails back to you with the attachments, and supplement those with anything Ms. Tieman's has submitted. Did you formalize a request for us yet on this or are you still discussing with your attorney?

I'd have to ask Nate what Ms. Tieman has submitted.
