Mr. Leifert noted there are many vacant units in Torrington owned by out of town landlords. Our building official will be on board hopefully soon full time to address these issues. Ms. Waagner stated the City Council fully supports blight enforcement, and she noted Blight Official Ashley Clement did an excellent job on a house in her neighborhood, which has now been cleaned up.

Ms. Ayer noted nine percent of the housing stock is vacant.

Mr. Leifert briefly reviewed the enforcement process, and hopefully effective July 1, 2022 Ashley Clement will be on board full time in the Land Use Office.

Ms. Ayer reviewed a list of possible goals and strategies, investment in Torrington’s existing buildings, with Committee member input. She also addressed first time home buyer options.

Ms. Ayer and Mr. Arias discussed directing residents who are in danger of becoming homeless to existing resources.

Slaiby Village was discussed, Ms. Sweeney is in the middle of the funding process with CHFA.

Mr. Leifert stated the accessory apartment regulations have been revised to match the new State statutes, going into effect November 21, 2021.

Ms. Sweeney reviewed how all public housing will be repositioned so that it will no longer be considered public housing, and HUD is encouraging this, housing based Section 8. Details were provided by Ms. Sweeney, and this will be great for the tenants, as no one is going to lose their home and rent will still be based on 30 percent of income. Other housing authorities have been very successful with this repositioning.
