PRESS RELEASE

CITY NORTH RECONSTRUCTION - PHASE 2021.1

The City of Torrington will be performing road reconstruction work on the following roads from May 17 to October 1st.

The proposed improvements will include new asphalt paving, concrete curbing, asphalt sidewalks, driveway aprons, catch basins, tops, and associated work.

The public is to expect daily traffic delays due to one-way alternating traffic and daily road closures allowing local traffic only. Pass through traffic is advised to avoid these roads and use alternate routes.

Please do not park any vehicles on these roads during construction. Vehicles in the way of construction will be towed at the owner's expense.

For more information, contact the City of Torrington Engineering Department at 860-489-2234 or visit the Engineering Department website link for
