Electronic Waste (E-Waste) Recycling

City of Torrington residents can bring their household electronic scrap items (e-waste) to the Water Pollution Control Facility Drop-Site Recycle Center located on Bogue Road for recycling.

The e-waste recycle drop-off site will be open Monday thru Friday from 7:00 am to 2:30 pm and weekends from 7:00 to 9:30 am. Proof of residency and sign-in is required.

Data Security is not included with the e-waste recycle program so residents need to take appropriate steps to properly sanitize or destroy all storage media.

On January 1, 2011, computers, monitors, printers and televisions will be banned from the trash and will not be picked up curbside so Torrington residents are encouraged to take advantage of this e-waste recycle service.

The e-waste that can be recycled from Torrington households includes:

- Computers
- Computer monitors
- Printers
- Modems
- Computer peripherals (keyboards, mouse’s etc.)
- Televisions
- Cell phones
- Desktop copiers
- Fax machines
- IPods and PDAs
- Stereo
- Radio equipment
- Telephones and telephone equipment
- Typewriters
- Speakers
- Microwave ovens
- Digital cameras
- VCRs and DVD players
