

48 Gallon Cart

The 48-gallon cart is designed for residences that produce one can of trash or less per week. This is the smallest size of trash cart available to residents. If a residence produces more trash than will fit into one 48-gallon can per week then this cart will be too small. Second 48-gallon carts are not available.

Description	Size – Length	Size – Width	Size – Height	Load Rating	Wheel Diameter
48 Gallon	28.75”	23.50”	37.50”	168 Lbs.	10”
