

96 Gallon Cart

The 96-gallon cart is designed for residences that produce three 32-gallon cans of trash or less per week. This is the largest size of trash cart available to residents. A second 96-gallon cart will be available at the current annual fee of \$125 for any residence that produces more trash than will fit into a single cart. Second carts are only available if your first cart is 96 gallons.

Description	Size – Length	Size – Width	Size – Height	Load Rating	Wheel Diameter
96 Gallon	35.25"	29.75"	43.25"	335 Lbs.	10"
